

# Springboard

24-7 Springboard is a training course designed to prepare Long Term Missionaries and Church Planters within the 24-7 Prayer movement.

It is a springboard into:

- \* Long Term Mission and/or church planting within a 24-7 context.
- \* Quality discipleship that will support and strengthen 24-7 communities.
- \* Mature relationships, adding strong cords that will help bind together the emerging communities.
- \* Long-term mentoring providing support and counsel in the setting as well as 'soul friends' to walk with.

24-7 Springboard is about investing in those committed to 24-7 Prayer in order to strengthen emerging communities. It also exists to develop leaders in pioneering situations.

Interested? Contact Scot Bower at [scot.bower@24-7prayer.com](mailto:scot.bower@24-7prayer.com)

24-7 Springboard is a two year development process which begins with an intensive 10 week training Springboard course and is then completed through a 21 month ongoing Springboard process.

The aim is to develop those who will be long-term missionary pioneers and church planters within 24-7 communities, to equip teams to start Boiler Rooms or enable Boiler Room Centres to mobilise more people, resourcing communities within the movement.

The learning environment will be diverse and multifaceted.

The 10 week intensive course will cover core 24-7 values and theology, principles for effective mission, simple church, God Story, character foundations as well the practicalities of cross cultural living. In addition there will be tracks to fit the call and direction of each individual.

Once the 10 week phase is over participants will be expected to work out the training practically in their setting. During this period they will be supported with a mentor/soul friend relationship and regular input blocks.

## WHO IS 24-7 SPRINGBOARD FOR?

- \* Those who have had a basic discipleship training and been involved with 24-7 who are looking for a structured pathway into long term 24-7 Boiler Room involvement
  - \* Those who are sent by their 24-7 Boiler Room to be trained to play a more effective long term role when they return – possibly leading Springboard
  - \* Those who Boiler Room Centres are wanting to train and send into new pioneer 24-7 planting situations
  - \* Existing leaders, church planters and missionaries who are wanting to connect long term with 24-7
- Please pray and think seriously about whether you should be part of the initial Springboard or whether there is a key person or couple you should send as a community.
